What is Stewards of Children?

Stewards of Children® is a prevention training that teaches adults how to prevent, recognize, and react responsibly to child sexual abuse. The program is designed for organizations that serve youth and for individuals concerned about the safety of children. It is the only nationally distributed, evidence-informed program proven to increase knowledge, improve attitudes, and change child protective behaviors. Our goal is to spread awareness and knowledge through this training to Franklin County in order to recognize, reduce, and prevent child abuse within our Community
